Tie games will stand except where a winner must be determined to advance on to the next round of play. Please refer to #7 for the Tie Breaking Procedures**

6. Competition Format

The format will be announced prior to the competition based on # of teams entered, available pool time and level of competition

7. Tie Breaking Procedures

POINTS AND STANDINGS

The standings for each round in each division will be based on each team's win-loss-tie record. Points will be assigned as follows: 2 points for a win, 1 point for a tie and 0 points for a loss.

TIE-BREAKER PROCESS FOR DETERMINING END-OF-ROUND STANDINGS

(The following tie-breaker process will apply to all age groups and all rounds of play.)

In the event that teams are tied at the end of a given round where the standings of that round will be used to determine seeding for the next round, or for the final tournament standings, the following tie-breakers will be used, in order of precedence:

1. Head-to-head competition - The results of head-to-head competition between the tied teams during that given round will be used as the first method of breaking the tie. The team winning the head-to-head competition in that round will win the tie-breaker.
2. Total Goal Differential - If head-to-head competition between the tied teams cannot resolve the tie, the total goal differential will be calculated between goals scored and goals allowed for each of the tied teams, for games in the given round only. This is a cumulative total based on all the games played by each team in that round. The maximum goal differential for any given game, for the purposes of this calculation, will be five (e.g. Team A defeats Team B by a score of 15 – 5. For the purposes of calculating the goal differential, a differential of 5 will be recorded, not 10.) The total goals scored by each team for a given round will still be recorded, but not used in this calculation. The team with the greatest goal differential for that given round will win the tie-breaker.
3. Fewest Goals Allowed - If the first two tie-breaker methods cannot resolve the tie, then the total goals allowed by each tied team in a given round will be used. The team allowing the fewest goals will win the tie-breaker.
4. Most Goals Scored - If the first three tie-breaker methods do not resolve the tie, then the total goals scored by each tied team in that given round will be used. The team scoring the most total goals in that round will win the tie-breaker.

All ties which cannot be resolved through the four methods, or levels, noted above will be resolved in one of two ways, depending on the tournament round involved:

5. For any round which will determine the final tournament standings, the tied teams will engage in a shoot-out, following FINA rules.

Tie-breaker process to determine Final Standings will be as per FINA which includes overtime and shootouts.

8. Vetoes

No vetoes, pertaining to officials, shall be permitted during any PCC event.

9. Protests

- i) Tournament Committee: (All decisions of this committee are final)
A Tournament Committee shall be formed prior to the commencement of the competition. The Tournament Committee shall consist of three (3) persons, one of whom shall be present at all games, and shall be responsible for ruling on all protests.

The structure of the committee shall be as follows:

- Tournament Referee-In-Chief or Evaluator
- Host Tournament Chairperson/Rep

- ii) Submission of Protests

All protests must be submitted to a member of the Tournament Committee, up to (30) minutes following the final game time signed by the referees, on the protested game sheet. A fee of fifty dollars (\$50.00), in cash, must accompany the protest (the fee shall be refunded if the protest is successful). All monies will be collected by the WPS rep. Protests must be in writing, clearly indicating the nature of the protest, and the following information must be included:

- what action or person is believed to be at fault
- in what time frame the action occurred
- names of witnesses (if possible)
- team/game number (provide a copy of the game sheet)
- diagram (if applicable)
- signature of complainant

10. Conduct/Discipline

The Tournament Committee must review the incident in all cases where a tournament participant has been guilty of gross misconduct, disrespect or brutality .

A referee who has ejected a participant from a game must provide the Tournament Committee with a written report of the incident within thirty (30) minutes following the game. A decision will be made immediately following review of the report.

All findings of this Committee are final and no appeal or protest of its decision may be made. The Tournament Committee has the authority to prevent a participant from further competition in that specific tournament or a portion thereof.

The Tournament Committee must make a written report of all incidents and the WPS rep will forward it to the WPS Executive Director within forty eight (48) hours of the conclusion of the tournament. Serious matters will be referred to the Discipline Committee.

The WPS Rep will also submit a full written report to Water Polo Saskatchewan within thirty (30) days of the conclusion of the tournament.

11. Misconduct/Disrespect/Brutality

For the PCC the following FINA bench control interpretation will apply:

- The Head Coach can speak and pass instructions to their team, but can not shout as if they are a radio commentator
- The Head Coach can stand and advance to their four metre line ONLY when their team is on the attack
- The Head Coach is responsible for the behavior of all staff and players on the bench
- The Head Coach can not comment or make any gestures to the game referees
- It is forbidden for the coaches, staff and players to go on the referees platform during the game
- All persons who are authorized to sit on the bench, are obligated to stay seated and not to intervene verbally, with the exception of the Head Coach
- In all cases the referee must sanction all persons that do not respect these rules by issuing a yellow (Head Coach only) or red card

The “Yellow card / Red card system” has been adopted for the control of the water polo bench by the referees. FINA rules will apply:

- **the issuing (signaling) of the yellow card to the Head Coach by the referee, is an “official” warning and does not result in a loss of privileges**
- **the subsequent issuing (signaling) of the red card to the Head Coach by the referee is the signal that the offender must retire to the public area or to such a designated place as determined by the event technical committee**
- **once the offender (team staff, player and or head coach) receives a red card, he/she must retire to the public area or to such a designated place as determined by the event technical committee and they will also receive an automatic 1 game suspension (which may be carried from one Championship to another), with review for possible imposition of greater sanction depending on the severity of the incident; a second red card is an automatic 3 game suspension (which may carry from one Championship to another)**
- **it should be noted, that should the actions of the Head Coach warrant, then the referee may issue (signal) with the red card without having issued (signaled) with the yellow card which in normal circumstances is really an initial warning**
- **if the offender is a team staff or player, it is an automatic red card....if the referee can not determine whom the offender was, a yellow card may be issued to the Head Coach**
- **please note: play does not have to be stopped to award a yellow card to the**

Head Coach, but the referee must ensure that the offender, the officials bench and the other game referee are aware that the card has been awarded

Water Polo Sask will not tolerate any physical or verbal abuse toward the officials, coaches, Water Polo Sask staff/representatives, or the tournament organizers for the duration of any event sanctioned by Water Polo Sask (as defined in this document).

The Tournament Committee **will automatically warrant a tournament suspension to the offender** guilty of any physical or verbal abuse. **Further sanctions could apply pending review of the incident by the Incident Review Sub-Committee. Serious matters will be referred to the Discipline Committee.**

FINA rules for brutality will apply: Brutality is an automatic one (1) game suspension. The Tournament Committee must also review the incident, in all cases where a tournament participant has been guilty of gross misconduct, disrespect or brutality to determine if any additional action is required. The decision of the Committee is final.

12. Forfeits/Defaults

Any team which forfeits a game will lose by a score of 5-0. Additional action will be based on a review of the circumstances by the Tournament Committee. A forfeit is defined as a "no-show". A default is defined as a team withdrawing.

13. Selection of Referees

The PSO and OfficialsWG rep will confirm what referees are eligible for selection. All Provincial Club Championship referees must sign a Code of Conduct with Water Polo Sask prior to the Championships.

* If a referee has to be replaced, then the replacement will be the next available referee, and/or the identified substitute referee for the event.

***WPS will assign where possible, a Championship evaluator whose job it is to evaluate and provide feedback to all Championship referees.**

All referees intending to referee at the Championships are required to take a referee refresher clinic organized by the Officials WG rep. Club coaches should be invited to attend. Clinic guide to be provided by the Officials WG.

The Officials WG will use the following formula when calculating the number of referees required at each event:

<u>teams</u>	<u>minimum # of referees</u>
6	4
7	4
8	4

Referees assignments (**to also include referees assigned to the 35 second shot clock for ALL Championship games**), shall be appointed by the Referee-In-Chief and /or Evaluator. The Referee-In-Chief and /or Evaluator will ensure that the most qualified referees are assigned to the respective games, weighing such issues as referee qualifications, ranking, neutrality (by club) and availability in the assignment decision.

Referees for medal-round games shall be selected by the Referee-In-Chief and / or Evaluator.

14. Water Polo Caps

If a bathing cap is worn under a water polo cap, it **must be the same colour/darkness** as the water polo cap. For example a black cap under a blue hat but not a white cap under a blue hat. Participating teams are required to bring their own water polo caps for games

1. Team coaches should maintain a file containing all relevant information on their athletes such as height, weight and general health status (Player Information Card); address and telephone number of each athlete and a contact person; the name, address and telephone number of athletes' family physicians and each athlete's hospitalization number. This file should be up-to-date at all times and be brought with the coach when traveling.
